Playing Songs from the famous duos of the 60s to current music from the Pop and Country Charts, we bring our own style of music, laughter and entertainment to your stage. After years of working on stage together, we are seasoned veterans of the carefully choreographed impromptu performance. Never knowing what will happen next is part of the excitement of an evening of entertainment with Dan and Joe.

Now striking off on our own as an acoustic duo, after 21 years in Tango, we continue to bring the same professional experience to the stage that you have come to expect..... in a new show.

See You Soon,

Dan & Joe
